

# Private Pilot Ground School -

## Interactive Online Course

Be prepared for your FAA Private Pilot Knowledge Test! This 10 week online interactive live course will cover the aeronautical knowledge areas required by 14 CFR 61.105 (Private Pilot) and is open to anyone interested.

---

You will be:

- Motivated to learn with an enthusiastic, positive instructor
  - Encouraged to ask any and all questions
  - Empowered by the experience of other students
- 

*"Rachael is an energetic and engaging teacher. It's great to have real-time interaction with a teacher who will explain things in different ways until you get it. I absolutely recommend her class over the other online ground school courses out there." -Tim*

*"Rachael's course was fabulous. She was engaging, informative, and so enthusiastic! Definitely looked forward to our sessions each week. Highly recommend to family and friends! -Irene*

*"I absolutely loved the course. Rachael is a super energetic and engaging instructor. Highly recommend." -Yogesh*
